<b>Location:</b>	Surrey, Maple Ridge, Vancouver	<b>Salary:</b>	From \$22.00 to \$30.00

## Job Description

General laborers are employees who take up different supporting tasks in warehouses, construction sites or other settings (e.g. factories). These workers may have an important assisting role in constructing buildings or other structures, and they may also transport materials and equipment.

## Responsibilities

General laborer duties vary depending on the setting they work in and their level of specialization. They usually work in construction where they help erect scaffolding, clean up sites and assist specialized workers such as painters and electricians. Candidates might be required to go through training sessions on working with hazardous materials safely.

- General Laborer job duties include:
- Cleaning up worksites from debris and machinery
- Helping erect scaffolding and ladders
- Handling and transporting materials (e.g. cement)

## Required Work Practices and Competencies

- High school completion
- Handy with tools
- Some safety gear might be required

## Work Environment

- Outside and Inside
- Works 40 hours a week
- Dust
